

Don't be the CHANGE you want to see in the world...

Be the PEACE you want to see in the world...

For one person's CHANGE may lead
to another's oppression...

A personal PEACE transcends description
but is a state understood by all...

CHANGE affects aspects of the energy
of the Universe...

PEACE affects the entire Universe and brings about a
harmony in which CHANGE can
naturally occur...

PEACE should never be mistaken for passivity, as there is no
stronger or balanced position from which
CHANGE can manifest...

Cultivate your personal PEACE and watch the magic happen!
