The Four Pillars/Eight Characters is one of the oldest systems of astrology. Based on the Five Elements and the 60 Year Cycle of Ten Heavenly Stems and Twelve Earthly Branches, Chinese Astrology enables us to view ourselves in a unique and very complete way.

During this workshop, you will learn how this system works and how it can provide insights into your emotional disposition, physical strengths/weaknesses and many more aspects of yourself... Your personal Feng Shui!

In addition, we will be going over individual charts, learning the Five Element Qigong Exercises and how to incorporate everything you learn in order to enhance your life.

Knowing thyself is always the first step.
